

EASYPACKS - YOUR EASYINSTALL® APPLICATION PORTAL

Pre-packaged software and applications for EasyInstall, ready for download.

Why spend precious time to pack, update and test standard software and applications when it is already done. With a few clicks you can download the latest software from EasyPacks.

Errors and security vulnerabilities is constantly found in standard applications and the software supplier issues updates on a regular basis - we keep an eye on this for you

It can be fatal if standard applications are not kept up to date. Hackers are unfortunately extremely talented to exploit these vulnerabilities.

As an example, if Java is not updated, which in itself is a huge security risk, it can cause lack of access to banking and other public services.

All software is packed, tested, virus free and quality assured by IXP Data.

We have more than 150 updated application packages ready for you and more keep coming. We ensure that packets are continuously updated and we will send you an e-mail when new downloads are ready.

On the EasyPacks website you can contact us with suggestion for additional standard applications for EasyPacks.

EasyPacks is a subscription service which is settled by number of EasyInstall licenses. The subscription runs for 1 year.

System requirements:

EasyPacks require EasyInstall version 5 or higher
